Luke 17:11-19

We admit our need. (vs. 11-13)

We listen and obey what Jesus says to us. (vs. 14)

We thank God for what He has done. (vs. 15-16)

*“Praise the Lord, my soul, and forget not all His benefits.”
Psalm 103:2*

In gratitude we experience God making us well. (vs. 17-19)

Questions for discipleship group or personal study:

Read Luke 17:11-19

What do you think it was like to be a leper in that society?

Are there times in your life you've felt you didn't fit in?

What hesitation might the 10 men have had in going to the priest?

Rick talked about God's 'deliberately induced frustration' in our lives. Why do you think God does this?

What prevents you from becoming angry or bitter against God when He is not bringing the relief you so desperately desire?

If you were one of the 9 men who didn't go back to say 'thank you' to Jesus, how would you have rationalized your decision?

What benefits of God (Psalm 103:2) are you currently experiencing? How do you express praise and thanks to God for these?

Do you agree that you can become well/whole (v. 19) through gratitude?

How has God healed you: physically, emotionally, relationally, or spiritually?

How can your group pray for you in your journey towards wellness?
